

A Sad Farewell

It is with great sadness that we say farewell to our much loved and respected friend and colleague Brian Wood, who sadly passed away on 9 March 2011, aged 65, after losing his short battle with cancer.

Brian worked for WATMOS Community Homes for 14 years, beginning his career with us at Burrowes Street TMO as an Estate Manager and then as an Estate Director for 11 years at Chuckery TMO.

During his time at WATMOS he was involved in improving the homes and environments of our tenants, ensuring they benefitted from a safe and pleasant neighbourhood to live in.

He was passionate about helping people and made sure local projects had a chance to succeed, providing links to the community with initiatives such as Steps and Links to Work as well as being a much respected local councillor for 20 years.

He enjoyed a good debate with colleagues and friends but always ensured his views were fair, if not always popular.

Brian will be sadly missed by all his colleagues here at WATMOS and by members of the community that he worked with.

Our thoughts go out to his family, especially wife Sue, at this difficult time.
