Leamore Residents Celebrate National Family Week

A fun packed family day was held at Leamore TMO as part of their National Family Week celebrations this week.

Bouncy castles and inflatable sumo suits were some of the games on offer to entertain the children, while a disco and BBQ ensured families on the estate spent a great day out with their nearest and dearest.

Gill Kelly, Chair of Leamore TMO said; "spending time together as a family is very important, we hope that by holding this event we have helped encourage families and friends to spend more time together as well as strengthening community spirit here at Leamore TMO".

Now in its third year, National Family Week is the largest celebration of families and family life in the UK. This year over 6,000 family-friendly events and activities will take place all across the UK during the week.

The average family spends just 49 minutes a day together according to a poll commissioned by National Family Week in 2010 so it's time to shine the spotlight on spending time together as a family and highlight the importance of this.

For further information Helen Zatte can be contacted on 01922 471910 or helen.zatte@watmos.org.uk and Dean Barker, Estate Director at Leamore TMO on 01922 493266.

About National Family Week

National Family Week is the biggest annual celebration of families and family life in the UK. The initiative aims to encourage families to spend more quality time together, and champions the benefits of a healthy, active and positive family life. No two families are alike and National Family Week celebrates diversity, supporting a range of initiatives for families of every type.
